Durable Medical Equipment (DME) Information

Durable Medical Equipment, or DME, may be recommended by your provider as part of your treatment plan. This may include braces, boots, splints, or other supportive medical devices.

If DME is ordered, our team will review the order and assist with the next steps. Depending on the item, insurance requirements, authorization, product availability, and fitting needs, processing times may vary.

Please note:

- Some DME items may be dispensed during your visit if available.
- Some items may require insurance review or authorization before they can be provided.
- Custom or specialty items may take additional time to order, receive, or fit.
- Any patient responsibility, balance, or insurance determination will depend on your specific insurance plan and benefits.
- Our team will contact you if additional information, scheduling, or payment is needed.

All DME fittings, sizing, and adjustments will be handled through Desert Orthopedics Center.

For questions regarding your DME order, please contact our office at **877-821-4657**.
